# Monday, June 27, 2022

|               |                                                                                                                                                                                         |                                                     |
|---------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------|
| 08:00 – 08:20 | Welcome coffee and Registration                                                                                                                                                         | Cafeteria                                           |
| 08:20 – 08:30 | Opening by Ingela ALGER                                                                                                                                                                 | Room: A3                                            |
| 08:30 – 09:50 | <b>PLENARY TALK</b>                                                                                                                                                                     | Room: A3                                            |
| 08:30 – 09:10 | <b>Daniel NETTLE</b> (Newcastle University)<br><i>Languages of explanation in the human sciences: what is at stake in the words we use?</i>                                             |                                                     |
| 09:10 – 09:50 | <b>David AUSTEN-SMITH</b> (Northwestern University)<br><i>Preference and Information Aggregation in Elections</i>                                                                       |                                                     |
| 09:50 – 10:20 | Coffee Break                                                                                                                                                                            | Cafeteria                                           |
| 10:20 – 11:00 | <b>PLENARY TALK</b>                                                                                                                                                                     | Room: A3                                            |
|               | <b>Patrick PINTUS</b> (CNRS and Aix-Marseille University)<br><i>Decision-Making in Rats is Sensitive to Rare and Extreme Events: the Black Swan Avoidance</i>                           |                                                     |
| 11:09 – 12:45 | <b>PARALLEL SESSION 1</b>                                                                                                                                                               |                                                     |
|               | <b>Parallel session 1A</b>                                                                                                                                                              | <b>Chair : Lucas NOVAES</b><br><b>Room: Atelier</b> |
|               | <b>Abhit BHANDARI</b> (Temple University)<br><i>Political Connections and Access to Private-Sector Development: Evidence from a Field Experiment in Senegal</i>                         |                                                     |
|               | <b>Lucas NOVAES</b> (Insper São Paulo)<br><i>The Autocracy Bandwagon: Political Survival and Democratic Backsliding</i>                                                                 |                                                     |
|               | <b>Erik WANG</b> (Australian National University)<br><i>Leviathan's Offer: State-building with Elite Compensation in Early Medieval China</i>                                           |                                                     |
|               | <b>Parallel session 1B</b>                                                                                                                                                              | <b>Chair: Cesar MANTILLA</b><br><b>Room: A4</b>     |
|               | <b>Boris van LEEUWEN</b> (Tilburg University)<br><i>Lemon faces: Showing pictures of buyers and sellers reduces trade in markets with asymmetric information</i>                        |                                                     |
|               | <b>Dominik DUELL</b> (University of Innsbruck) <b>(on Zoom)</b><br><i>Collective action in heterogeneous societies: the role of strategic uncertainty</i>                               |                                                     |
|               | <b>Vessela DASKALOVA</b> (University College Dublin)<br><i>Ingroup Favouritism in Collective Decisions</i>                                                                              |                                                     |
|               | <b>Cesar MANTILLA</b> (Universidad del Rosario)<br><i>The trade-off between liquidity and insurance: voucher payments in a lab-in-the-field experiment with Colombian rural workers</i> |                                                     |

**Plenary sessions:** 30 minutes for speakers and 10 minutes for questions

**Parallel sessions:** 20 minutes for speakers and 4 minutes for questions

**Parallel session 1C**

**Chair: Bence BAGO**  
**Room: A3**

**Astrid HOPFENSITZ** (GAGE and EMLyon)  
*Why everyone hates zoom*

**Jonathan KLINGLER** (University of Mississippi)  
*Social Intelligence and Naïve Rating of Big Five Personality Traits Using Text Data*

**Bence BAGO** (IAST)  
*Does deliberation decrease belief in conspiracies?*

**12:45 – 14:00**

**Lunch**

**Cafeteria**

**14:00 – 15:36**

**PARALLEL SESSION 2**

**Parallel session 2A**

**Chair: Carlos VELASCO**  
**Room: A3**

**Sebastian THIEME** (IAST)  
*Donor Motivations and Fundraising Cycles: Theory and Evidence on Political Candidates' Event and Non-Event Fundraising*

**Jan STUCKATZ** (Humboldt University Berlin)  
*Can Interest Groups Shape Public Opinion? Evidence from a Survey Experiment in Germany and the UK*

**Parallel session 2B**

**Chair: Jane CONWAY**  
**Room: Atelier**

**Lauriane RAT-FISHER** (Université Paris Nanterre)  
*The EmoLearn project: a multi-dimensional analysis of the effect of humour on social learning in infants*

**Catherine MOLHO** (University of Amsterdam)  
*Aggressive, not prosocial, individuals are more inclined to punish moral offenses*

**Jane CONWAY** (NUI Galway)  
*Characterizing the contribution of metacognitive deficits to socio-cognitive impairments in neurodevelopmental & mental health disorders*

**Plenary sessions:** 30 minutes for speakers and 10 minutes for questions

**Parallel sessions:** 20 minutes for speakers and 4 minutes for questions

**Parallel session 2C**

**Chair: Peter BAYER**  
**Room: A4**

**Zachary GARFIELD** (IAST)

*Teaching is a distinct form of social learning among hunter-gatherers*

**Alberto MICHELETTI** (University College London)

*Religious celibacy brings inclusive fitness benefits*

**Piret AVILA** (IAST)

*Life-history and deleterious mutation rate coevolution*

**Peter BAYER** (TSE)

*Coordination Games in Cancer*

**15:45 – 16:25**

**PLENARY TALK**

**Room: A3**

**Jen SCHRADIE** (Sciences Po Paris)

*A Contextual Approach to Understand the Everyday Diffusion of Digital Disinformation*

**16:25 – 16:55**

**Coffee Break**

**Cafeteria**

**16:55 – 17:35**

**PLENARY TALK**

**Room: A3**

**Alan SCHWARTZ** (Yale Law School)

*Contract Remedies for New Economy Collaborations*

**17:35**

**End of Day 1**

**Plenary sessions:** 30 minutes for speakers and 10 minutes for questions

**Parallel sessions:** 20 minutes for speakers and 4 minutes for questions

## Tuesday, June 28, 2022
