10:30 – 11:00	Coffee & Tea Break	Cafeteria
11:00 – 13:00	SESSION T-II.	
	Jean-Marc Robin (Sciences Po) (with J. He) Ridge Estimation of High Dimensional Two-Way Fixed Effect Regression Discussant : Koen Jochmans (TSE)	
	Valérie Lechene (UCL) (with R. Blundell, H. Karjalainen, and K. Pendakur) Gender Inequality in Expenditure : Great Britain 1978 to 2019 Discussant : Matteo Bobba (TSE)	
	Christian Bontemps (TSE) (with R. Kumar and M. Lesellier) Smoothed Inference for Moment Inequality Models Discussant : Vishal Kamat (Queen Mary University of London)	
13:00 – 14:15	Lunch	Cafeteria
14:15 – 15:35	SESSION T-III.	
	Bernard Salanié (Columbia University) (with S. Maliar) Testing for Asymmetric Information in Insurance with Deep Learning Discussant : Xintong Han (Université Laval)	
	Christophe Bruneel (KU Leuven) Don't (Fully) Exclude Me, It's Not Necessary! Identification with Semi-IVs Discussant : Pascal Lavergne (TSE)	
15:35 – 16:05	Coffee & Tea Break	Cafeteria

Time allocation. 40 minutes per paper : 28 minutes for presenter, 7 minutes for discussant, rest of time for the audience.

16:05 – 17:25

SESSION T-IV.

Robert A. Miller (Carnegie Mellon University) (with R. Lessem)

Matching Job Applicants to Vacancies : An Empirical Model

Discussant : **Alfred Galichon (NYU and Science Po)**

Laurent Gobillon (PSE) (with P.-P. Combes, G. Duranton, C. Gorin, and F. Robert-Nicoud)

Urbanisation and Urban Divergence, France 1760–2020

Discussant: **Stéphane Gregoir (TSE)**

19:00

Dinner

Friday, May 16, 2025

09:00 – 10:20

SESSION F-I.

Jean-Pierre Florens (TSE) (with R. Camboni, A. Enache, P. Gagnepain, D. Martimort, and P. Valbonesi)

Decentralization, Central Control, and Local Capture in Pharmaceutical Procurement

Discussant : **Emmanuel Guerre (Queen Mary University of London)**

Michael Visser (CREST) (with L. Linnemer)

Does Supplementary Income for the Elderly Extend their Lifetime ? Evidence from Viager Sellers

Discussant : **Natalia Khorunzhina (Copenhagen Business School)**

10:20– 10:50

Coffee & Tea Break

Cafeteria

10:50 – 12:50

SESSION 5 F-II.

Christian Gouriéroux (TSE, University of Toronto, and CREST) (with A., Monfort)

Affine Feedforward Stochastic (AFS) Neural Network

Discussant : **Enrique Sentana (CEMFI)**

Sébastien Roux (INSEE) (with L. Gobillon and T. Magnac)

Lifecycle Wages and Human Capital Investments : Selection and Missing Data

Discussant : **François Poinas (TSE)**

Pierre Dubois (TSE) (with A. Pakes)

Pharmaceutical Advertising in Dynamic Equilibrium

Discussant : **Bernard Salanié (Columbia University)**

13:00 – 14:15

Lunch

Cafeteria

14:00 – 15:20

SESSION F-III.

Francesca Molinari (Cornell University) (with Y. Liu)
Inference for an Algorithmic Fairness–Accuracy Frontier
Discussant: **Eric Gautier (TSE)**

David Pacini (University of Bristol) (with C. Bontemps and T. Magnac)
Linear Models with Interval–Censored Variables
Discussant: **Christophe Gaillac (University of Geneva)**

15:20 – 15:50

Coffee & Tea Break

Cafeteria

15:50 – 17:10

SESSION F-IV.

Costas Meghir (Yale University) (with P.-A. Chiappori and Y. Okuyama)
Intra–Household Welfare Inequality and Household Public Goods
Discussant: **Tim Ederer (Carnegie Mellon University)**

Tuuli Vanhapelto (Adam Smith Business School, University of Glasgow)
Aggregation Bias in Spatial Discrete Choice Models
Discussant: **Arnaud Maurel (Duke University)**

17h10

Adjourn
